

Hello Coaches and Managers

Please find attached the round 1 draw for Under 6 SSG. I will be sending another email regarding team sheets.

I will email your full draw over the weekend and it will also be placed on the web.

Please ask your players to arrive at **least** 15 mins before a game. It is very important that all games start on time especially where the field is shared with older age groups.

Please note after your name is a number. This has been allocated by the association. This is how your opposition will identify you eg “we are playing ww 1”.

The Wenty Waratah SSG field will be in front of the canteen near the softball nets. For other clubs and maps of where parks are go to the Wenty Waratah website, look under VENUES and click on the club you are playing for maps etc.

Please remind your children to wear their shin pads and boots to the game.
Coaches and Managers please be aware of the different rules eg where to start after a goal, the 3 goal rule etc.

The committee is happy to receive any feedback on your game, either put a note in bag, email, ring or talk in person

On behalf the committee I hope you all enjoy your first game of soccer and the 2008 season.

Thanks

Amanda Caine
