

CHANGES TO CANTEEN AND GROUND DUTY ROSTER FOR 2008 SEASON

The Canteen Roster and Ground Duty for Ted Burge Sportsground will be the same as that used at Sydney Smith in season 2007.

The roster for both grounds is as follows.

For the first time slot (games) of the day the canteen will be manned by the canteen committee and club officials will perform ground duty.

For the rest of the day when each home team finishes its game two people from each team will be required, one for the canteen the other for ground official.

Each shift will be the length of the next match plus approximately 10 mins for change over.

Senior teams playing the 1.00 game must also do this duty. That is providing people for the 3.00 game.

The 3.00 team or the last team on their field for the day will continue to do take down.

The time each team will spend helping works out to be the same as the old system.

Each manager will be responsible for organising helpers from their team to turn up.

Ground Set Up

Each team will be rostered to provide helpers to help the Wenty Ground Crew to set up both Ted Burge Sportsground and Sydney Smith on Saturday mornings.

The committee is also looking for volunteers to boost numbers of the Wenty Ground Crew. These people turn up every Saturday and when needed on Sundays to set up the fields to the best standard in the association not just Ted Burge but Sydney Smith as well, the more volunteers we have then we can roster people off for a weekend.
