

How to Find out if the parks are open for training

If there has been rain either on the day/night before or on the day of your scheduled training day

- First check the Wenty Waratahs Web page
- If not updated, you must phone the Holroyd City Councils wet weather line on 9294 1418.

This will give everyone the most up to date information on whether, Ted Burge Sportsground or Sydney Smith Park are open for training.

If the web or Council recording state the park is closed please **DO NOT TRAIN**. Likewise if you turn up to the field and **the park closed signs are in place, DO NOT TRAIN**. The signs are positioned in the car park in Hollywood St, in Richmond St and Fairmount St.

Thanks Robert
